Re: Review of Final Bond Release and File Closure Request, Interpace Holdings LLC,  
Henefer Red Clay, M/043/0014, Summit County, Utah

Dear Mr. Rhine:

On August 26, 2013, the Division of Oil, Gas and Mining received your request for a full release of the reclamation surety and file closure for the Henefer Red Clay Mine. During a Division inspection on July 13, 2013, it was determined that reclamation work is complete with the exception of:

- 1) A flat bed trailer needs to be removed from the site – see attached inspection report.
- 2) Please re-submit your Application for Site and/or Bond Release using the form found on the Division's Web site at [www.ogm.utah.gov/minerals](http://www.ogm.utah.gov/minerals).

It should be noted that the revegetation is considered complete. Once the Division receives your re-submitted Application for Site and/or Bond Release, we will inspect the site in a timely manner and respond to your request. If you have any questions or concerns regarding this letter, please contact Leslie Heppler at 801-538-5257 or me at 801-538-5261. In response, please reference file number M/043/0014.

Sincerely,

Paul B. Baker  
Minerals Program Manager
